

Administration of First Aid

Approval: May 2023

Review: May 2025

POLICY STATEMENT:

Under the Education and Care Services National Regulations the approved provider must ensure policies and procedures are in place for the administration of first aid (Reg. 168) and take reasonable steps to ensure policies and procedures are followed. First aid can save lives and prevent minor injuries or illnesses from becoming major. The ability to provide prompt basic first aid is particularly important in the context of an Education and Care service where educators have a duty of care and obligation to assist children who are injured, become ill, or require support with administration of medication.

Bondi Before & After School Care will provide and maintain a high level of care for children attending the service ensuring that educators will be suitably qualified in emergency first aid management and that first aid equipment and support will be available to all children, educators and visitors to the service and whilst on excursions. Ideally, all educators will undertake Education and Care first aid emergency management training, including asthma and anaphylaxis management, to ensure full and proper care of all is maintained (My Time Our Place 3).

NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 2: CHILDREN'S HEALTH AND SAFETY		
2.1.1	Wellbeing and comfort	Each child's wellbeing and comfort is provided for, including appropriate opportunities to meet each child's needs for sleep, rest and relaxation.
2.1.2	Health practices and procedures	Effective illness and injury management and hygiene practices are promoted and implemented.
2.2	Safety	Each child is protected.
2.2.1	Supervision	At all times, reasonable precautions and adequate supervision ensure children are protected from harm and hazard.
2.2.2	Incident and emergency management	Plans to effectively manage incidents and emergencies are developed in consultation with relevant authorities, practiced and implemented.

EDUCATION AND CARE SERVICES NATIONAL REGULATIONS

PURPOSE

Our Service has a duty of care to provide and protect the health and safety of children, educators, and visitors of the Service. This policy aims to support educators to:

- Preserve life
- Ensure the environment is safe and other people are not in danger of becoming ill or injured
- Ensure that ill or injured persons are stabilised and comforted until medical assistance intervenes
- Relieve pain if possible
- Monitor ill or injured persons and promote recovery
- Provide immediate and effective first aid to children or adults
- Apply additional first aid if the condition does not improve

‘First aid can reduce the severity of an injury or illness and in extreme cases, could mean the difference between life and death.’ (Safe Work Australia).

SCOPE

This policy applies to children, families, educators, staff, approved provider, nominated supervisor, management and visitors of the Service.

IMPLEMENTATION

First aid is the emergency aid or treatment given to persons suffering illness or injury following an accident and prior to obtaining professional medical services if required. It includes emergency treatment, maintenance of records, dressing of minor injuries, recognition and reporting of health hazards, and participation in safety programs. Legislation that governs the operation of approved children's services is based on the health, safety and welfare of children, and requires that children are protected from hazards and harm.

THE APPROVED PROVIDER/MANAGEMENT IS RESPONSIBLE FOR:

- taking every reasonable precaution to protect children at the Service from harm and/or hazards that can cause injury
- endeavouring to have all educators holding a current first aid qualification.
- Including; a current first aid certificate or willingness to undergo training will be advertised for all new positions.
- The centre will budget for the cost of the first aid course or renewal for each educator as part of the training budget.
- Education & Care First Aid course will be included in every second year of the Bondi BASC educator's development week held in December / January. With the CPR component included annually.
- ensuring that the following qualified people are in attendance at all times the service is providing education and care to children [Reg. 136]
 - at least one staff member or one nominated supervisor who holds a current ACECQA approved first aid qualifications
 - at least one staff member or one nominated supervisor of the service who has undertaken current approved anaphylaxis management training
 - at least one staff member or one nominated supervisor of the service who has undertaken current approved emergency asthma management training
 - (One staff member may hold one or more of the three qualifications)
- appointing a Work Health and Safety Officer who will also act as the first aid officer as part of their role.
- ensuring a risk assessment is conducted prior to an excursion or regular outing, to identify risks to health, safety, or wellbeing and specifying how these risks will be managed and minimised (NB: risk assessment for a regular outing or regular transportation is required at least annually) [Reg. 102B, 102D (4)]
- providing and maintaining an appropriate number of up-to-date, fully equipped first aid kits that meet Australian Standards [Reg. 89]
- providing and maintaining a transportable first aid kit that can be taken to excursions and other activities [Reg. 89]
- ensuring that first aid training details are recorded and kept up to date on each staff member's record
- ensuring there is an induction process for all new staff, including casual and relief staff, that includes providing information on the location of first aid kits and specific first aid requirements and individual children's allergies and individual medical management plans
- ensuring that families/parents are notified when practicable or within 24 hours if their child is involved in an incident, injury, trauma or illness at the Service and that details are recorded on the Incident, Injury, Trauma and Illness Record [Reg 86, 87]

- ensuring the Regulatory Authorities are notified within 24 hours if a child is involved in a serious incident, injury, trauma or illness at the Service [Reg 12, 176]
- ensuring that staff members are offered support and debriefing subsequent to a serious incident requiring the administration of first aid
- ensuring a resuscitation flow chart is displayed in a prominent position in the indoor and outdoor environments of the Service
- keeping up to date with any changes in procedures for administration of first aid and ensuring that all educators are informed of these changes.
- ensuring parents/guardians provide written consent (via the enrolment record) for service staff to administer first aid
- ensuring parents/guardians provide written consent for the approved provider, nominated supervisor or educator to seek medical treatment for their child by a registered medical practitioner, hospital or ambulance service and if required, transport the child to hospital [Reg 161(1)(a)]

A NOMINATED SUPERVISOR/ RESPONSIBLE PERSON WILL:

- maintain a current approved first aid qualification
- refresh their CPR skills at least annually (as recommended by Australian Resuscitation Council Guideline 10.1)
- support staff when dealing with a serious incident and/or trauma
- maintain an appropriate number of up-to-date, fully equipped first aid kits that meet Australian Standards
- maintain a transportable first aid kit/s that can be taken to excursions and other activities
- monitor the contents of all first aid kits and arrange replacement of stock, including when the use-by date has been reached
- dispose of out-of-date materials and supplies appropriately
- ensure safety signs showing the location of first aid kits are clearly displayed
- ensure that all educators approved first aid qualifications, anaphylaxis management training and emergency asthma management training are current and meet the requirements of the National Act and National Regulations and are approved by ACECQA
- provide termly training or drills for the administration of an auto-injector device
- keep up to date with any changes in the procedures for the administration of first aid
- contact families immediately if a child has had a head injury whilst at the Service
- ensure that appropriate documentation is being recorded by the Nominated Supervisor / Responsible Person regarding incidents, injury, trauma, and illnesses and the administration of first aid
- ensure families are notified of any event requiring first aid administration as soon as practicable but no later than 24 hours after the incident, injury or trauma requiring first aid
- Documentation of the following must be recorded, as per Education and Care Services National Regulation 87:
 - name and age of the child
 - circumstances leading to the incident, injury, trauma, or illness (including any symptoms)
 - time and date
 - details of action taken by the service including any medication administered, first aid provided or
 - medical personnel contacted
 - details of any witnesses
 - names of any person the service notified or attempted to notify, and the time and date of this

- signature of the person making the entry, and time and date of this.

EDUCATORS WILL:

- implement appropriate first aid procedures, when necessary, by adhering to the Service's Administration of First Aid Procedure
- maintain current approved first aid qualifications, and qualifications in anaphylaxis management and emergency asthma management as required (Safe Work Australia recommends first aid qualifications should be renewed every three years)
- refresh their CPR skills at least annually (as recommended by Australian Resuscitation Council Guideline 10.1)
- participate in administration of an auto-injector device training drills at least annually.
- ensure that all children are adequately supervised while providing first aid and comfort for a child involved in an incident or suffering trauma
- ensure that the details of any incident requiring the administration of first aid are recorded on the Incident, Injury, Trauma and Illness Record accurately
- conduct a risk assessment prior to an excursion, regular outing or when providing regular transportation of children to identify risks to health, safety, or wellbeing and specifying how these risks will be managed and minimised (NB: risk assessment for a regular outing or regular transportation is required at least annually) [Reg. 102B, 102D (4)]
- Conduct weekly first aid kit checklists to ensure all service kits are cleaned and restocked regularly.
- Ensure cold packs are kept in the freezer for treatment of bruises and swelling.
- In the event of an emergency, the educator administering the first aid must not leave the patient until emergency services or the parent arrives. A second educator should make all emergency calls.

In the case of a minor accident, the first aid attendant will:

1. Reassure the child
2. Assess the injury
3. Attend to the injured person and apply first aid as required.
4. Ensure that disposable gloves are used with any contact with blood or bodily fluids.
5. Ensure that all blood or bodily fluids are cleaned up and disposed of in a safe manner as per the infectious diseases policy.
6. Ensure that anyone who has come in contact with any blood or fluids washes their hands thoroughly in warm soapy water.
7. Record the incident and treatment given on the incident report form (incident, injury, illness, and trauma) recording the following details:
 - a. Name and age of child
 - b. Date, time, and location of incident
 - c. Description of injury and circumstances of how it occurred, including witnesses.
 - d. Treatment given and name and signature of first aid attendant
 - e. Details of any medical personnel contacted.
 - f. Name and details of any parent or emergency contact notified or attempted to notify.
 - g. Time and date of report and name and signature of a person making report
 - h. Name and signature of nominated supervisor
8. Notify the parents either by phone after the incident if seen fit or on their arrival to collect the child.
9. Parental signature confirming knowledge of the accident report form will be gained at the soonest possible convenience.

10. Where the service has had to administer first aid and the incident is deemed serious as per Regulation 12, the Nominated Supervisor will ensure that the steps outlined in the “Management of Incident, Injury, Illness and Trauma” policy are followed and the Regulatory Authority is notified within 24 hours of either the incident or them becoming aware of the incident.

FAMILIES WILL:

- sign Service records of accidents or injuries that have occurred, acknowledging they have been made aware of the incident and the first aid that treatment that was given to the child
- provide the required information for the Service’s medication record
- notify the Service upon enrolment of any specific health care needs of their child- including medical conditions and allergies
- provide the service with a medical management plan for their child if required and ensure these are kept up-to-date at all times
- provide written consent (via the enrolment record) for service staff to administer first aid
- provide written consent for the approved provider, nominated supervisor or educator to seek medical treatment for their child by a registered medical practitioner, hospital or ambulance service and if required, transport the child to hospital
- be contactable, either directly or through emergency contacts listed on the child’s enrolment record
- notify educators of any change in condition of their child’s health that may impact the child’s care and require the administration of first aid (ACECQA, 2021).

FIRST AID KITS

The Approved Provider of the Service will ensure that first aid kits are kept in accordance with Education and Care Services National Regulations [Reg. 89].

ALL FIRST AID KITS AT THE SERVICE MUST:

- be suitably equipped
- not be locked
- not contain paracetamol
- be suitable for the number of employees and children and sufficient for the immediate treatment of injuries at the Service
- be easily accessible to staff and educators
- be constructed of resistant material, be dustproof and of sufficient size to adequately store the required contents
- be capable of being sealed and preferably be fitted with a carrying handle as well as have internal compartments
- contain a list of the contents of the kit
- be regularly checked using the First Aid Kit Checklist to ensure the contents are as listed and have not degraded or expired
- have a white cross on a green background with the words 'First Aid' prominently displayed on the outside
- be easily recognisable
- be easy to access and if applicable, located where there is a risk of injury occurring
- include emergency telephone numbers
- be provided on each floor of a multi-level workplace
- be stocked with precautionary items such as sunscreen and water if using outdoors.
- be taken on excursions and during regular transportation

- be maintained in proper condition and the contents restocked as required.

Our WHS Officer First Aid has the delegated responsible for;

- maintaining all First Aid kits at the Service
- conducting and maintaining each first aid kit by complying with the First Aid Checklist, certifying each kit has the required quantities, items are within their expiry dates, and sterile products are sealed. This will occur after each use or if unused, at least annually.
- along with the Nominated Supervisor will also consider whether the first aid kits and components are appropriate and effective for the Service’s hazards and the injuries that have occurred. If the kit requires additional resources, these individuals will advise and follow up with the Nominated Supervisor.

Our Service will display a well-recognised, standardised first aid sign to assist in easily locating first aid kits. Signage will comply with AS 1319:1994 – Safety Signs for the Occupational Environment.

FIRST AID KIT CHECKLIST

- Our Service will use the Monthly First Aid Checklist to ensure first aid kits are equipped and maintained.
- Safe Work Australia’s First Aid in the Workplace Code of Practice also provides a guide to what to include in a First Aid Kit. (Appendix E- Example of contents)
<https://www.safeworkaustralia.gov.au/doc/model-codes-practice/model-code-practice-first-aid-workplace>
- We will determine the need for additional items to those in the checklist, or whether some items are unnecessary, after analysing the number of children at our Service and what injuries children or adults may incur. We will review our incident, injury, trauma and illness records to assist us in making an informed decision about what to include.
- For further advice on first aid in the workplace, refer to the following website for state and territory specifications.
<https://www.safeworkaustralia.gov.au/safety-topic/managing-health-and-safety/first-aid>

CONTINUOUS IMPROVEMENT/REFLECTION

- Our Administration of First Aid Policy will be reviewed on an bi-annual basis in consultation with children, families, staff, educators and management.
